INTELLIGENCE MEMORANDUM

The Indonesian Situation
(Report # 27 -- As of 4:00 P.M. EDT)

1. President Sukarno's return to Djakarta from his Bogor palace marks the beginning of a new phase of maneuvering between him and the army.

3. Sukarno appeared on 11 October for the presentation of credentials by the new Swiss ambassador. With him were the three deputy prime ministers and some twenty other ministers including air force chief of staff Marshal Dani.

[REDACTED] Suharto believes he can firmly count on only ten percent of army units in that area. The rest are by no means all Communist but are mainly undecided. He believes there are many who would be anti-Communist were it not for the possibility of a direct showdown with President Sukarno. In such event, Suharto feels most units would follow the president.
